Job Description

Position: Construction Site Supervisor – NOC 72014

Company: BuildSmart Construction Inc.

Work Location: Various work sites across Ontario, Canada (Head Office: 118-1331 Major Mackenzie Drive West, Maple, ON, L6A 4W4)

Employment Type: Full-time, Permanent

Vacancies: 1

Hours: 40 hours per week

Wage: \$45.00 per hour

Company Overview

BuildSmart Construction Inc. is a fully insured construction company based in Maple (Vaughan area), Ontario, delivering residential and commercial services across the Greater Toronto Area and other Ontario municipalities. We provide services including metal framing, insulation, drywall, taping, flooring, and demolition. We are committed to safety, efficiency, and high-quality workmanship on every project.

Job Summary

The Construction Site Supervisor will oversee day-to-day site operations and coordinate construction activities to ensure work is completed safely, on schedule, and to required quality standards. The successful candidate will supervise crews and subcontractors, monitor progress, address operational issues, and support effective planning and cost control.

Main Duties and Responsibilities

- Supervise, coordinate, and schedule the activities of construction workers and subcontractors, with a focus on interior and finishing scopes such as metal framing, insulation, drywall installation, taping, flooring, and demolition, as required by project needs.
- Plan and prepare construction schedules and milestones; monitor progress against established schedules and address delays or constraints.
- Prepare site progress reports, daily logs, and updates for management and stakeholders.
- Coordinate work activities with subcontractors and ensure sequencing is efficient and aligned with project timelines.
- Establish and support cost control methods and efficient work practices to meet schedule and productivity targets.
- Resolve work problems on site and recommend measures to improve productivity, workmanship, and quality outcomes.
- Requisition and manage materials, tools, and supplies to maintain continuous workflow.
- Ensure compliance with jobsite safety procedures, applicable legislation, and company policies; provide safety direction and orientation as required.
- Train and support staff in job duties, safety procedures, and company standards.
Support quality control by verifying work meets drawings, specifications, and project requirements.

Requirements

- Completion of secondary school is required; post-secondary education in construction management, engineering, or a related field is an asset.
- Minimum 5 years of experience in construction supervision, site coordination, or project management in residential and/or commercial environments.
- Strong leadership, planning, and problem-solving skills, with the ability to deliver projects on time and support budget control.
- Ability to interpret drawings/specifications and coordinate multiple trades and subcontractors effectively.
- Knowledge of safety practices and jobsite compliance requirements in Ontario.
- Excellent communication and organizational skills.
- Valid driver's license and ability to travel to various work sites across Ontario.

How to Apply

Please submit your resume to info@buildsmartconstruction.ca with the subject line: Application – Construction Site Supervisor (NOC 72014). Please include a cover letter with references. We thank all applicants for their interest; however, only those selected for an interview will be contacted.

Equal Opportunity

BuildSmart Construction Inc. is an equal opportunity employer and encourages applications from qualified candidates, including Indigenous peoples, persons with disabilities, newcomers to Canada, and youth.

To apply for this job vacancy, please send your resume along with a cover letter and a reference letter from your previous employer to the following email: info@buildsmartconstruction.ca
